Dear Sir

I refer to your enquiry regarding the standards applying to number plate covers for vehicles in Victoria

I have enclosed a copy of clause 821 of the Road Safety (Vehicles) Regulations 1988 which sets out the requirements for number plate covers. Covers which comply with these requirements may be fitted to a vehicle.

The sample EASIFIX and HOLDEN M40397 number plate covers you provided today have been inspected and appear to meet the above requirements.

Therefore these number plate covers fitted in accordance with the manufacturers instructions would not cause a vehicle to contravene the Standards For Registration in Victoria and as such would be an approved modification. I have enclosed a copy of approved modifications as published in the Victoria Government Gazette No. S 15 of 1 March 1988. Clause (c) on page 42 applies.

I trust this information is of assistance to you, however should you wish to discuss the matter further please feel free to contact me on the above phone number.

Yours Sincerely

John Grasso
